Work Experience

Web developer

Internpe

22 April 2024 to 19 May 2024

(1month)

- *I worked on a live project, which taught me about scale and its impact on technology choices and system architecture*
- I learned to navigate and debug a large codebase, understanding the significance of maintainable code
- I also improved my teamwork, communication, and time management skills

Intern Web developer

Praxis- Vatika Business park, Gurugram, Haryana

On going Part-time internship

- I'm learning front-end development, including HTML, CSS, and JavaScript proficiency, and the principles of responsive design
- I'm gaining hands-on experience with web development tools on real-life projects, which is enhancing my communication, teamwork, time management, and organizational skills
- This internship is providing me with a valuable opportunity to apply my academic knowledge in a practical setting, preparing me for a successful career in web development.
